

DRIVE AGAINST MALARIA

Drive Against Malaria receives donation of € 5000 from Land Rover Netherlands

By: Hans de Jong
Amsterdam, October 2008

After the special event and prize giving in Theater “De Kamers” in Amersfoort for “The Best Salesman Overall 2008-2009”, at the end of the evening, presenter Julia Samuël was handed a cheque of € 5000 for the Drive Against Malaria from Victor Kammeraat, Land Rover Netherlands.

Julia Samuël: The donation came as a big surprise. Because of this we are able to provide an extra 1000 nets to the tribes of Eastern Cameroon including the Bantu population and the Baka Pygmies who have little access to health or education. And are often amongst the poorest communities of Cameroon. The Drive Against Malaria team leave this month to Cameroon to hand out supplies of mosquito nets with anti malaria treatment. ■

Drive Against Malaria in 2008
