Minister André Mama Fouda endorses Drive Against Malaria

David Robertson, Minister of Public Health Andre Mama Foude, Julia Samuel, Prof. Gervais Ondobo Andze Directeur de La Lutte Contre la Maladie

Yaoundé, December 2008

His Excellency Minister of Public Health, André Mama Fouda, endorses collaboration of working together with Drive Against Malaria in Cameroon. Drive Against Malaria being active in over 32 countries in the continent for the last 9 years, choose Cameroon as a permanent base for their activities in the fight against malaria. Andre Mama Fouda, : "I acknowledge the importance of

Drive Against Malaria in fighting malaria in many African countries. We are honoured you choose Cameroon as a permanent base and I think you made a good choice." Professor Gervais Ondobo Andze (Directeur de la Lutte Contre la Maladie) said: "We like to see Drive Against Malaria collaborate with the Ministry of Health working with interventions such as Onchocerciasis, vaccination programmes and protecting the environment by planting trees as malaria and deforestation are closely linked."
